## MESSAGE ON SHIP SUBSIDY

**PRESIDENT TELLS CONGRESS HIS  
VIEWS ON THE SUBJECT.**

**Favors Pending Bill--He Says It is Not an  
Experiment, But is Based on Ex-  
perience of Europe.**

Washington, Jan. 24.—The President yesterday sent to congress a message calling attention to the great desirability of enactment of legislation to help American shipping and American trade by encouraging the building and running of lines of large and swift steamers to South America and the "Orient." The urgent need of our country making an effort to do something like its share of its own carrying trade on the ocean has been called to his attention, the President says, in striking fashion by the experiments of Secretary Root on his recent South American tour. State aid to steamship lines, the President says, is an

much a part of the commercial system of today as state employment of consuls to promote business. The President says the proposed law which has been discussed in congress is in no sense experimental. It is based on the best and most successful precedents, as, for instance, on the recent Cunard contract with the British government. The President discusses the bill now before the committee and says "it would surely be creditable for us to surrender to our commercial rivals the great commerce we should have with South America, and even our own communication with Hawaii and the Philippines."

## BLAME THE DISPATCHER CAUSED FOWLER WRECK

**Investigation of Coroner Goes to Show That the  
Freight Was Not Given Sufficient Time  
to Make Siding.**

Fowler, Ind., Jan. 25.—Development today in the Big Four wreck investigation being conducted by Coroner Charles S. Conaley and Prosecutor E. G. Hall, of Benton county, indicate strongly that George W. Sears, the train dispatcher at Kankakee, who issued the orders to the two trains which clashed together early Saturday morning and sacrificed ten lives will be held largely responsible for the disaster. The first witness examined was Mr. Sears himself. He went into detail regarding the orders to the two trains. He said he had every reason to believe he could get the freight train in the clear in time to prevent a collision, but his testimony did not confirm this statement.

He sent an order at 3:01 o'clock to the freight conductor and engineer telling them to proceed to the siding at Fowler, and that the passenger train would wait at the Fowler station until 2:17 o'clock. At the same time he sent another order to the operator at Fowler instructing the passenger engineer to hold his train there until 2:17 that the train might get in the clear. At 2:05 o'clock the freight train got away from Swanington. The dispatcher testified that it would take eight minutes at least to make the run and four minutes to get in the siding. As the train left at 2:05 o'clock, it could not possibly get in the clear by 2:17 according to the dispatcher's own statement.

## Blizzard Still Raging In Dakota

St. Paul, Minn., Jan. 25.—The wind attained a velocity of 30 miles an hour yesterday at Fargo and 42 miles at Bismarck.

Railroad traffic is demoralized. On the Dakota division of the Northern Pacific traffic is at a standstill.

Three eastbound coast trains are stuck in the snow near Dawson and a snow plow ahead of them has been unable to force its way through the big drifts in the face of the blizzard.

Every branch line of the Northern Pacific in North Dakota is blocked.

## DOWER RIGHTS

**SUED FOR BY THE WIDOW OF  
THE LATE ELVIN L. GOOD-  
NOW--VALENTINE HELL AND  
OTHERS ARE MADE DEPEND-  
ANTS.**

Two suits for dower rights in real estate were begun in the common pleas court this morning. In each of them the plaintiff is Mrs. Irene V. Goodnow, widow of the late Elvin L. Goodnow. The defendants are Valentine Hell in one case and Mr. Hell, Ross L. Hell, J. W. Laudick, A. G. Lutz, P. T. Mell, Mary S. Mell and the city of Lima.

The property involved is a number of lots in Goodnow's additions to the city of Lima. Attorney Chas. B. Adgate represents the plaintiff.

Mrs. E. J. Barr entertained at a six o'clock dinner at her home the following guests: Misses Carrie and Jennet Cochran, of Spencerville, Mr. J. O. Evans, Van Wert, and Mr. Ross Cochran, Fort Wayne.

## FIVE

**Jurors Secured In  
Thaw Case.**

**Frail Wife of De-  
fendant Sits In**

**Court Room Clinging  
to Chorus Girl Friend.**

**A Pitiful Figure to  
Behold, Deserted**

**By Her Brother and her  
Husbands Kin.**

New York, Jan. 25.—"We got three in the last half hour—good ones, too, I think."

Much in the manner of a man recounting the result of a day's hunt Harry Kendall Thaw, last night thus summed up the second day of his trial upon his return to the Tombs Prison.

Three in the last half hour of the afternoon session, added to the two secured on Wednesday, and five good men and true are now securely seated in the jury box, whence will issue the fate of the young prisoner at the bar.

The three men selected are middle-aged, substantial and prosperous looking, who confessed to having formed impressions with regard to the case, but not such as would interfere with their judgment in arriving at an impartial verdict on the evidence to be submitted.

Thaw is satisfied with the selections; and he is the one most vitally concerned. The rapidity with which the five men have been secured, and especially the last three, is a surprise to old stagers in the Criminal Courts Building, and augurs well for the completion of the jury in the early part of next week.

**Good Jury Prospects.**

But 50 of the available 180 talesmen have been examined. The prosecution has used eight of its peremptory challenges, and the defense seven. Each is permitted 30. The outlook, therefore, is for a speedy arrival at that stage of the trial—the presentation of evidence—upon which the world is waiting.

By slow stages, the spectators in the courtroom are beginning to look beyond the gaunt young man sitting at the foot of the counsel table and fixing their gaze upon the shrinking little figure in blue as the one who is undergoing the trial.

Her isolation is complete. There was fresh evidence in yesterday's session of the trial that there is more than rumor in the stories that Evelyn is only tolerated by the Thaws. Mrs. William Thaw was indisposed and did not attend yesterday's session, and the Countess of Yarmouth remained away to be near her mother.

Ten o'clock brought Mrs. George Carnegie, however, and in her wake crept the little Nesbit girl, taking the seat assigned to her as soon as her sister-in-law had been looked after, and remaining there throughout the morning, hollow-eyed and fearful, her gaze fixed upon the back of her husband, silent, shrinking, a prey to such thoughts as most women twice her years would sink beneath and die.

**Evelyn's  
Sorry Plight.**

Afternoon brought no change. The ladies brought their luncheon to the courtroom with them. Mrs. Carnegie ate hers silently and a long half hour before Mrs. Evelyn Thaw appeared the sister of Harry Thaw was back in her seat in the trial chamber. As in the morning session, young Mrs. Thaw again sat silent and ignored, save by May McKenzie, the friend to whom she clings in the agony of despair.

A pitiful outlook, truly! Abandoned by her mother, ignored by her brother, and forced daily to undergo the implied accusation of her husband's relatives with whom she gathered in the courtroom, as around the bedside of one desperately ill, it may be readily imagined that Evelyn Thaw would willingly change places with the prisoner at the bar and welcome the oblivion of a verdict of acquittal.

**Respect to Memory of  
Senator Alger**

**Senator Russell Alexan-  
der Alger, of Michigan  
Who Died Suddenly in  
Washington, D. C.**

Yesterday was born in Ohio, in Lafayette, Medina county, February 27, 1836. Both the Alger parents died when he was only 11 years old, but with the energy and determination which characterized him in the later years of his life, the boy set to support a brother and a sister, both younger than himself.

At the age of 18 he began the study of law in the office of Wolcott & Upson, in Akron, and at the end of two years he was admitted to the bar. For the first few months he was located in Cleveland, but after a short time he abandoned the law, and, moving to Grand Rapids, entered the lumber business in 1859.

It was as Captain of Company C, Second Michigan Cavalry, that the young lumber merchant was mustered into service in August, 1861. Inside of seven months the Captain had become a Major, and on July 1, 1863, was taken prisoner at Boonesville, Miss. On the same day he escaped, and two months later was commissioned Lieutenant Colonel of the Sixth Michigan Cavalry.

Made Colonel of the Fifth Michigan on February 28, 1863, he was wounded in action at Boonsboro, Md., on July 8, 1863, and resigned on September 20, 1864, receiving an honorable discharge.

For Gallant Service. The Government rewarded his services with the rank of Brevet Brigadier General, United States Volunteers, for gallant and meritorious services, to rank from the battle of Trevellon Station, Va., June 11, 1864, and the rank of Brevet Major General of United States Volunteers, to date from June 11, 1865.

After the war General and Mrs. Alger came to Detroit, where the General re-entered the business he had given up for the purpose of serving his country. Success attended him. His first partnership was in the firm of Moore & Alger, but later the firm became R. A. Alger & Co., and in 1881 the present firm of Alger, Smith & Co. was formed, with the late M. S. Smith as General Alger's chief partner.

In the year 1884 General Alger received the nomination for Governor of the State of Michigan at the hands of the Republican party, and was elected, defeating Josiah W. Begole, the Democratic candidate, by a plurality of 3,953 votes.

He was elected Commander-in-Chief of the G. A. R. in 1889. He was a member of Fairbanks Post. On April 2, 1891, General Alger married Annette H. Henry.

When President McKinley was elected to his first term of office General Alger was selected by him as the man for the portfolio of war. Upon the breaking out of the Spanish War General Alger called into play all his knowledge of business methods in the administration of the office, with the result that

American troops were equipped and mobilized with a rapidity that had never been approached before. Misunderstandings arose between the Secretary and the Administration, however, and General Alger left the Cabinet.

After the funeral services in Washington, D. C., Saturday afternoon, which will be conducted by a Senatorial committee, the body of the late Senator Alger will be placed on a train, which is expected to arrive in Detroit about 11 o'clock Sunday morning. The funeral will take place from the Alger home in Detroit Monday at 2 p. m.

The House of Representatives adjourned out of respect to the memory of the late Senator.

When the President was informed of Senator Alger's death he addressed a note of condolence to Mrs. Alger and accompanied it with a floral offering.

## Banquet

**Wound up the  
Traction Meeting.**

**Of Almost three hundred  
Members of**

**THE CENTRAL RAILWAY ASSO-  
CIATION--F. D. CARPENTER,  
MANAGER OF THE WESTERN  
OHIO, ELECTED FIRST VICE  
PRESIDENT OF THE ASSO-  
CIATION.**

Indianapolis, Ind., January 25.—Nearly 300 traction men, representing vast properties in Ohio and Indiana, attended an elaborate banquet given here last night at the Claypool Hotel, under the auspices of the Central Electric Railway Association, which was formed a year ago, when the Indiana and Ohio associations combined. The meeting yesterday and the entertainment last night indicated that the affiliation of the traction men of the two states was both profitable and enjoyable. Charles L. Henry, president of the Indianapolis and Cincinnati Traction Company, presided as toastmaster last night. Several speeches were made by members of the association on topics of interest to the traction business. Mayor Bookwalter welcomed the visitors in brief speech. Ex-Governor Durbin, who has lately become interested in traction business; Arthur W. Brady, President of the Indiana Union Traction Company; Mr. Henry and Rear Admiral George Brown, retired, were among the speakers.

The association elected the following officers yesterday afternoon: President, H. A. Nichols, Anderson, General Manager Union Traction Lines; First Vice President, F. D. Carpenter, Lima, Ohio, President of the Western Ohio Railway Company; Second Vice President, R. T. Todd, General Manager of the Indianapolis Traction Terminal Company; Secretary-Treasurer, W. F. Milholland, of Indianapolis Traction Terminal Company. Members Ohio Executive Board, H. P. Kleckner, General Manager Dayton and Western; F. J. Sloan, General Manager Cincinnati Northern; E. C. Spring, Superintendent of Dayton, Covington and Piqua; C. R. Wilcox, General Manager Cleveland and Southwestern; J. C. Bradley, Scioto Valley, Indiana Executive Committee, Charles Muddock, Lafayette; C. D. Emmons, Ft. Wayne; F. D. Norvell, C. C. Reynolds, Indianapolis, and W. A. Anderson, of Union Traction System.

A feature of the convention that the general public could enjoy was the display of traction cars. One of the private cars was the Martha of the Indiana Union Traction Company. Another was the Stillwater, of the Dayton, Piqua and Covington Traction Company, which came to the city from Ohio, bearing E. C. Spring, General Superintendent of the road and President of the Central Association, with a party of traction men and friends from Dayton and Columbus. Another car was the Josephine of the Lake Shore Electric Road, bearing F. J. Stout, General Manager of the road, and a party of traction men from various parts of the state. The fourth was the Lawton, of the Ft. Wayne and Wabash Valley, with C. D. Emmons, General Manager of the road, and others.

Papers on technical subjects were read and discussed at the business session.

## OHIO LEADS IN RACING

**As Shown by the Records of the Season  
of 1906, During which Three Grand  
Circuits were Maintained.**

**LIMA TRACK HOLDS STATE TIME RECORD**

**Which was Made by Dan Patch Last November--  
Coming Season Promises to be Even  
Better Than the Last.**

The record will show that Ohio had more race meetings in 1906 than any state in the Union, and she is likely to hold that rank in 1907. No state between the oceans can boast of three grand circuit meetings and that with a chance that the feat will be duplicated this year, with light harness events at Columbus, Cleveland and Oakley.

There will also be, in addition, this year, about a dozen interior racing circuits. There will be a reorganization of the Northwestern Ohio circuit, one of the best of the minor circuits in the country. Whether the Rockport track will again be in line will not be decided for several weeks but Canal Dover, East Liverpool, Steubenville, Erie, Pa.; Wheeling, W. Va., and other points are expected to be on hand to break in when the time comes for giving out dates. There is to be a new half-mile track circuit in western Ohio. It will take in Sandusky, Toledo, Bowling Green, Lima, Dayton, and possibly one or two more tracks. The gray pacing stallion Nicholas

B. 2:14 3/4, owned by J. T. Dearolf, of Lebanon, is the sire of Birdie B. 2:09 3/4. Birdie B. is the gray mare that received all her early education drawing a butcher's cart over the roads in and about Lebanon, but she is now looked upon as one of the greatest pacers that raced over the half-mile tracks in 1905 and 1906.

The Rundle Stock farm, Piqua, is now a thing of the past. This was the old home of Simmons, 2:28, and it was there that the great son of Geo. Wilkes passed the declining years in peace and plenty.

The Emptire Stock farm, (the property of Dr. J. A. Clevenger, of Mt. Sterling, owns the bay mare Tuxedo Girl, 2:19 3/4, by Atlantic King, 2:09 3/4, and Queen Milton, bay mare by Milton S. 2:08 3/4, out of Tuxedo Girl, 2:19 3/4.

Ed Abrams, the trainer and driver of the fast half-mile track, pacing station Gheble, Manito, 2:09 1-4, is wintering at Akron.

The Lima half-mile track has the fastest record in the state, 2:04, made by Dan Patch.

## STANDARD ATTORNEYS SEE DAVID

**CONFERENCE HELD TO AR-  
RANGE FOR SERVICE OF RE-  
CENT INDICTMENTS RETURN-  
ED AT FINDLAY.**

Findlay, O., Jan. 25.—To arrange some satisfactory manner of serving the nine hundred odd indictments against Standard Oil now in the hands of Sheriff Groves, of Findlay, Virgil P. Kline, of Cleveland and J. O. Troup of Bowling Green, representing Standard Oil, held a conference with Prosecutor William G. David last night.

The attorneys reached Findlay shortly after six and were immediately closeted with Prosecutor David. The conference lasted till midnight. Announcement was made at that time that it would be resumed in the morning.

Just what will result from this meeting is (purely speculation, as nothing will be given out. But judging from previous statements made the chances are that service will be made on the attorneys rather than on all the individuals and corporations which were indicted by the recent grand jury.

As a result of the many indictments and the several counts there are over \$,500 papers to be served.

Miss Beesie McKinnon, of Greenlawn avenue, entertained a crowd of girls at whist Thursday evening, Jan. 24, 1907. After a part of the evening was spent in playing, a delicious three course lunch was served, presided over by Miss Gwendolyn Stickie, Miss Margaret Klecker, Miss Sadie Phillips, Miss Lillie Phillips, Miss Ella Rawn, Miss Edith Rawn, Miss Vand Dotson, Miss Mayne Anderson, Miss Frances Anderson, Miss Leah Rutledge, Miss Floy Rutledge and Beesie McKinnon.

## BEER HELD PREFERENCE OVER COAL

Findlay, Jan. 25.—If you were freezing or in danger of freezing for want of coal, and had a barrel of coal, and a barrel of beer, one of which must be thrown away, which would you keep?

This question was put up to two men who are sufferers from the fast famine and blizzard in North Dakota a few days ago and they solved it without hesitancy.

Rev. J. W. Kingston formerly of Findlay, writing from Bowbells, N. D., tells the story:

Two men shipped two barrels from a neighboring town for the relief of friends in Bowbells.

The relief train became snow-bound. But a portion of the train could be pulled through and to accommodate everybody each person was required to leave a part of his stuff behind.

The beer reached Bowbells.

**ATTENTION, COMRADES.**

The regular Saturday afternoon meeting of Matt Armstrong Post 202, will be held January 26, at 1:30 p. m. A full attendance is desired. By order of Commander G. E. COPPLAND.

THERE can be no doubt that Swettenham would have stopped the "curled, blooming" earthquake if he'd seen it first.

PHILADELPHIA has just organized a "Help Yourself Society." The name certainly sounds inviting. Let's start one here in Lima. It shouldn't be a difficult matter to get enough charter members.

It is undoubtedly a fortunate thing for international unity that it was Admiral Davis and not Admiral "Fighting Fish" who has a voice and a vocabulary that can make an ordinary earthquake seem like a trifling affair.

IN reporting the details of a trial in the mayor's court last Tuesday the NEWS inadvertently stated that one of the witnesses, Mr. C. H. Churchill had once been indicted by the grand jury. Our attention having been called to the matter it has been fully investigated and found that our reporter was misinformed. The error is regretted and the correction is cheerfully made.

WHEN Bank Wrecker Walsh, of Chicago, comes out of prison in the year 3727, assuming him to be convicted and given the limit on each count of his indictment, he will find conditions much different from now. He may even find Lima with a union traction station by that time.

#### CAUSES FOR TYPHOID.

The cause of the numerous epidemics of typhoid fever that have been more than ever prevalent all through the country the past year has been a source of concern for boards of health and members of the medical fraternity in general. The public water supply is the most potent spreader of the dreaded disease, but drinking water is by no means the only possible medium for the distribution of germs, and in some centers of the typhoid territory during the past four months the water supply has, after expert chemical analysis, been officially freed from all responsibility and blame. In Washington, for strong illustration, the number of cases exceeded all previous years, and yet the City of Magnificent Distances has recently installed a sand filter arrangement supposed to be capable of clearing up almost any kind of germ-laden water. And in Winnipeg, the beautiful and unhealthy Manitoba capital, all the drinking water comes from a modern system of driven wells, whose contamination is virtually an impossibility; yet Winnipeg will always remember 1906 as the typhoid year, and there were, all told, something like 2,000 cases before cold weather came.

But the stealthiness with which the dreaded malady may even upon one unawares, and how necessary it is to guard against the deadly germ, is best proved in the case of Scranton, Pa., where no other claim can be assigned for the one thousand attacks, many of them reaching a fatal termination, than the possible washing of typhoid bacteria from the watershed into the sources of the city's water supply.

In one or two cities that could be mentioned there have been other accredited causes. In Rochester and

Malone, N. Y., where the typhoid scourge has raged off and on for three years, it was milk and not in that did the mischief; in Middletown, Ct., where half the Wesleyan college was down with typhoid at one time, the verdict of the city health officer condemned oysters taken from polluted waters.

Not are these the only possible causes. Carelessness in the care of patients may serve to spread the disease, and only foresight in guarding against possible chances can prevent its encroachment upon a community. The New York Municipal Journal and Engineer, in discussing this typhoid problem, puts a deal of hard sense into one paragraph:

"Local boards of health should remain constantly on the alert to protect the citizens from dangerous milk, oysters, or other infected food, and from their own carelessness; and councils should uphold their hands and assist in the education of the people to appreciate the importance of co-operating with the board."

Mayor Whitlock, of Toledo, is alive to the proportions that typhoid has gained in his city and in numerous townships in Ohio towns; and he has made a suggestion that the health board make a daily analysis of Maumee water. But this, in the estimation of the Blade, does not satisfy all Toledo. The people of the city want a filtration plant for purifying their water; and they think, that, in view of the price paid for a drinkable supply, it is time the city stopped the unwise game of selling water unfit for anybody's stomach.

Of course, in an emergency, every household can boil the water, and probably should do so; but nothing should deter the authorities from providing a supply of water that is fit and healthful, and at the earliest possible moment, says the Blade.

## ARE SHORT IN STATURE

BUT ALL RIGHT IN OTHER RESPECTS—THREE MEN WHOSE COMBINED HEIGHTS MAKE LITTLE MORE THAN TWELVE AND ONE HALF FEET.

Constable Charles Woolley, of Forest, who holds the record as the shortest constable in the world, is now engaged as a traveling salesman, selling can openers. He is 51 inches in height and weighs 115 pounds.

There are only two other men in northwestern Ohio that can be classed with Woolley in point of size. They are Walter Wetherill, of this city and George Myers, of St. Marys. Wetherill is a rural free delivery carrier out of Lima, and to say that he is one of the most popular men of the force is putting it mildly. He is but 48 inches in height.

George Myers, of St. Marys, is engaged in the hardware business at that place. He is well known in this county. He is 51 1/4 inches in height and weighs 114 1/4 pounds.

Let thermometers alone;  
Your imagination can  
Wait you to the frigid zone.  
Do not shiver at the snow,  
Make the best of everything;  
And before you really know  
You'll be greeted by the spring!

A promising youngster was kneeling before his white cat, with head bowed and hands folded. He was repeating his "Now I lay me," and had got as far as "I pray Thee, Lord, my soul to keep," when his little sister advanced from behind and tickled his feet. With head still bowed Arthur continued: "If you'll excuse me just a minute, Lord, I'll knock the stuffing out of Nellie."

If the pure food law does its duty you will find out whether the fancy whiskey bottles contain good cheer or family disturbance.

"Do all the good you can,  
By all the means you can,  
In all the ways you can,  
In all the places you can,  
At all the times you can,  
To all the people you can,  
As long as ever you can."

"Was your wife angry when you got home so late last night?"  
"Angry? Why, my boy, the dear woman pelted me with flowers!"  
"But how did you get that black eye?"  
"Well, you see, she neglected to take the flowers out of the pots before she threw them."

"Don't marry a woman simply because she has a pretty face," said John D. Rockefeller, Jr., to his bible class recently. The advice comes too late for some of us to heed.

The Great Danderine Never Fails to Produce the Desired Results

MISS LEWIS' hair was very thin and it was less than two feet in length when she began using Danderine. She says her hair now curls and waves and is now fairly teeming with new life and vigor.

That's not all. Danderine also keeps the hair glands and tissues of the scalp in a healthy condition, and it also keeps the hair from falling out, resulting in a strenuous and continuous growth of the hair.

The following is a reproduction of Miss Lewis' letter:

January 3, 1905

Dear Doctor Knowlton—

You know I told you in my first letter that my hair would grow much more than it did, and that all of it together would make one foot long.

I am sending you my photograph, which I had taken at Stevens House. It is the whole story better than I can tell it.

Ever truly, I know, in using Danderine, so you see I am doing something to make my appearance.

Sincerely yours, Miss EVA LEWIS.

Danderine makes the scalp healthy and keeps it so. It is the greatest scalp fertilizer and therefore the greatest hair-producing remedy the world has ever known. It is a natural food and is a perfect medicine for both the hair and scalp. Even a 25c bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

NOW at all druggists in three sizes.  
25 cents, 50 cents and \$1.00 per bottle.

To show how quickly Danderine acts we will send a large bottle free to any lady who sends this advertisement to the Knott Bros. Drug Store, Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

## SPENCERVILLE IS COMING

TO SEE ITS GIRLS PLAY BASKET  
BALL AT THE AUDITORIUM  
THIS EVENING.

The long talked of contest between  
the girls' basket ball team of Spa-  
ncerville and that of Lima College will  
take place this evening.

This will be the first appearance of  
the Spencerville girls on the local  
floor and their reputation is so great  
that it is expected that they will  
draw one of the largest crowds that  
has ever assembled in the Auditorium  
to witness a similar exhibition.

Word has been received from  
Spencerville to the effect that nearly  
the entire town will be over with  
their team and there will be no lack  
of rooting for the visitors. As was  
the case with their base ball team  
last summer and fall, the citizens of  
the village are loyal to their team  
and will be here in great numbers to  
see the contest tonight. Last fall  
when the Spencerville base ball team  
was playing a series with the St.  
Marys base ball team the delegations  
that were sent to the latter place to  
the games that were played there  
were enough to encourage the team  
to the greatest efforts and the result  
of the series shows that the great  
support of the citizens of Spencerville  
was productive of good re-  
sults.

The local team is not without its  
many loyal supporters and friends  
and they will be out in force to-  
night to cheer them on to victory as  
the winning of the game will  
mean that the local team has a  
chance to win the state champion-  
ship. It will remain for them to de-  
feat only one or two other strong  
teams, such as Ada and Columbus, to  
put them in the foremost ranks of  
the state girls' basket ball teams.

Spencerville is claiming this title  
and they have as good a right to do  
so as any team in the state as they  
have not been beaten this year, al-  
though they have met several teams  
and will meet several others before  
the season closes. The management  
has games booked with such teams  
as Sidney, Defiance, Marysville, Ada  
and Columbus, and is making an ef-  
fort to bring the Columbus team to  
this city to play, as the local floor  
is considered larger than is the  
Spencerville floor.

The line-up of the local team for  
the game tonight will be as fol-  
lows:

Center, Miss Flossie Lusk; center  
guard, Miss Evelyn Booth; forwards,  
Miss Anna Davis and Miss Florence  
Wagner; guards, Miss Alma Deakin,  
and Miss Nell Smith.

The game will be called at 8:15  
o'clock and as usual there will be  
dancing after the game. The Spencerville  
party being unable to get a  
train back to their homes till 12:35  
tonight.

## TO BREAK UP A COLD IN 24 HOURS AND CURE ANY COUGH THAT IS CURABLE

Mix one-half ounce of the Virginia Oil of Pine (Pure) with  
two ounces of Glycerine and half a pint of good Whiskey. Shake  
well and use in teaspoonful doses every four hours.

Dr. Leach, the famous throat and lung specialist, who es-  
tablished a camp for consumptives in the Pine Woods of Maine,  
and whose wonderful cures there have attracted the attention  
of the civilized world, declares that the above formula will  
strengthen weak lungs, relieve the cough, heal the bronchial  
tubes, and cure any case of lung trouble that is not too far ad-  
vanced, providing the patient will assist by taking plenty of  
outdoor exercise, inhaling long deep breaths every few minutes.

It is said the mixture will break up an ordinary cold in  
twenty-four hours, and, being free from opiates and drugs, is  
far preferable for use among children to the ordinary cough  
mixtures.

The ingredients can be secured from any good prescription  
druggist at small cost and easily prepared in your own home.

Inquiry at the prescription department of one of our lead-  
ing druggists elicited the information that Virginia Oil of Pine  
(Pure) is put up only in half-ounce vials securely sealed in a  
round wooden case, with engraved wrapper, showing the name  
"Virginia Oil of Pine (Pure)". It is mainly obtained there-  
on. There are many rank imitations of Virginia Oil of Pine  
(Pure), which are being put out under various names, such  
as Concentrated Oil of Pine, Pine Balsam, etc. Never accept  
these as a substitute for the Pure Virginia Oil of Pine, as they  
will invariably produce nausea, and never effect the desired  
results.

A local physician who is familiar with the treatment used  
by Dr. Leach in his camp in the Pine Woods, says it is un-  
doubtedly the most effective known to medical science at the  
present time and save for the open air life in the forest would  
prove just as effective if used in the home. He says the for-  
mula given above is the one used by Dr. Leach and that it has  
the unqualified endorsement of the leading physicians of the  
country.

The physician added, if this formula was known and used  
generally by the people, throat, lung, and bronchial affections  
would rarely reach an acute stage.

The Pure Virginia Oil of Pine is also a perfect neutralizing  
agent for uric acid. A few drops taken on sugar night and  
morning will heal and regulate the kidneys and relieve the  
most obstinate case of rheumatism if caused by uric acid in  
the system.

## MITLER WAS NOT GUILTY

OF COMMITTING ASSAULT AND  
BATTERY UPON CHARLES  
NESBIT, OF ELGIN.

Judge Hutchinson, of the probate  
court, this afternoon announced his  
decision in the case of Joe Miller,  
of east Wayne street, charged with  
having committed assault and bat-  
tery upon Charles Nesbit, an Elgin  
blacksmith.

Judge Hutchinson, who heard the  
testimony on Wednesday, decided  
that the complainant had failed to  
prove his allegations, and a verdict  
of not guilty was accordingly re-  
turned.

## SPENCERVILLE WILL VOTE

YES OR NO ON PROPOSITION IS  
SUE TWENTY THOUSAND DOL-  
LARS BONDS FOR PURPOSE OF  
BUILDING NEW SCHOOL HOUSE

The voters of Spencerville will  
have an opportunity on Saturday,  
February 2, to decide whether that  
village is to have a new school build-  
ing or not.

This permission was given them  
this morning by the Board of Elec-  
tions at a meeting called especially  
to consider the question.

The vote will be "yes" or "no"  
on a proposition to issue bonds to  
the amount of twenty thousand dol-  
lars.

## Out of Court

RECEIVER OF THE C. H. & D.  
RAILWAY COMPANY WILL  
SETTLE CLAIM FOR DAMAGES  
BECAUSE OF DEATH OF THE  
LATE JOSEPH E. MCCURDY.

Yesterday a petition was filed in  
the probate court of this county in  
the matter of the estate of Joseph  
E. McCurdy, deceased, in which  
Dolly Bowen, as administratrix, rep-  
resents to the court that she has  
made a claim against the C. H. & D.  
railway company through Judson  
Harmou, as receiver for that road  
for damages resulting from the loss  
of the life of the said Joseph E. Mc-  
Curdy.

The petitioner states that the de-  
ceased was a freeman in the employ  
of the defendant company and that  
while acting as such on the twen-  
tieth day of last September he was  
injured and died from the effect of  
said injuries. Now, Judson Harmou,  
as receiver for the said road has  
proposed to settle with the peti-  
tioner for the sum of \$1250, but  
as no suit has been brought, nor is  
there any pending against the rail-  
road company on said claim, she be-  
lieves it would be to the benefit of  
the beneficiaries of the deceased to  
settle the claim for damages and  
ask the privilege of so doing by  
this petition to the probate court.

SPLENDID CHANCE  
To Secure Beautiful Residence Site  
At Bargain Price.

I have two lots and an option on  
the adjoining lot on the south side  
of Lakewood avenue, and adjacent  
to the beautiful home of R. L. Bates,  
and they foot up against the park  
grove. As they now stand they are  
too narrow for a suburban home,  
each being but 45 feet wide. I will  
sell the east lot and one-half of the  
middle one for \$1350, or the other  
half of the middle lot for \$450, and  
give you the option which I have,  
making this one \$1450. The option  
being at \$1000, being the lowest  
price obtainable. Lakewood avenue  
has an asphalt pavement; a home  
here will afford all the advantages  
of a rural home, and yet have the  
advantage of being in the city, the  
car line runs within 600 feet of your  
front door, just far enough away to  
be away from the noise and dust.  
Think this over and call and see me.

## Better Brighter Prettier

The Oak Cafe Will be Thrown Open to the Public Tomorrow Morning

UNDER THE MANAGEMENT OF S. P. VANDERSELL, OF BUCYRUS.

The Oak Cafe, one of the hand-somest in the city, will be reopened tomorrow morning by Mr. S. P. Vandersell, of Bucyrus.

Mr. Vandersell, who is a practical man at the business, purchased this place some two weeks ago and during that time the place has been in the hands of the painters and paper hangers and it has been thoroughly overhauled and now certainly presents a very handsome appearance.

Mr. Vandersell comes to Lima well recommended from his former home Fostoria, and it is freely predicted that this place under his management will again be the popular buffet as in the days of Lima's old boom. A new, up-to-date stock has been purchased and is now awaiting the approval of the public. Three elegant pool and billiard tables have been placed in the rear of the room so that those enjoying this recreation may find the finest tables in the city.

Messrs James Ball and Elmer Reese, both of Fostoria, will have charge of the cafe.

HIRSCH-SUGARMAN.

A charming wedding occurred at Wapakoneta last evening at the home of the bride, when Miss Fannie Hirsch, daughter of Mr. and Mrs. Mose Hirsch, became the happy bride of Mr. Chas. S. Sugarman, a rising attorney, of New York City.

Miss Iva Weisenbach was bridesmaid and Mr. Sugarman, a brother of the groom, served as groomsmen. The ceremony was performed at 7:30 o'clock in the evening and following hearty congratulations the guests departed to the Hotel Steinberg, where an elaborate feast was served, after which the dining room was cleared and dancing was indulged in until a late hour.

A number of guests from New York city and other eastern cities were in attendance as were a number of Lima people. The bride is a niece of Mr. Dave and Sol Weisenbach, of this city, and has a large circle of friends in Lima. The presents were many and beautiful and many were costly ones.

The happy couple will take a bridal trip to Baltimore, Washington and Philadelphia before going to New York city, where they will reside in the future.

## RECORD RUN

WILL BE MADE BY THE "JOSEPHINE" BETWEEN PIQUA AND FINDLAY THIS AFTERNOON.—THERE WILL BE NO STOPS.

This afternoon a record run will be made by the private car "Josephine," which is returning to Toledo with a party of Traction magnates after a meeting at Indianapolis.

From Piqua to Findlay, a distance of 80 miles, it is planned to make no stops. To guard against accidents flagmen will be stationed at all railroad crossings and as long as there is a clear track the "Josephine" will go some.

The car is scheduled to pass through Lima about twenty minutes after four o'clock.

## BEST

SAYS THEY ARE TRYING TO GIVE HIM THE WORST OF IT.

PLEADS NOT GUILTY TO ABUSING WIFE AND CHILDREN.

Ferdinand Best was a defendant in the mayor's court this morning charged with abusing his wife and children.

Best, who was arrested last night, lives at 1131 Blaine avenue. He pleaded not guilty to the charge and his trial was set for next Tuesday, January 29.

He was released under bond of one hundred dollars with William Best and J. R. McMillan as sureties.

WILL BE BURIED HERE.

Word has been received here of the death at Harvest Springs, Mich., of Leonard O. Cook, brother of Rev. D. R. Cook, of west High street. Deceased was fifty-six years of age and leaves a wife but no children. The remains will be shipped to this city and are expected to arrive here today. The funeral will be private.

## NOTICE.

All Woodmen of the World will meet at their hall at 12:32 Saturday, Jan. 16-97, to attend the funeral of Sov. A. B. Lee. By order of Council Com.

The funeral services will be held at Epworth Church, corner of Bellefontaine and Harrison avenue.

## FINEST CAR

EVER SEEN IN LIMA PASSENGER THROUGH CITY WEDNESDAY TO INDIANAPOLIS.

The Lake Shore Electric private car "Josephine," passed through this city Wednesday, on the longest continuous trip ever made by an electric car in the United States.

The Josephine stopped in this city just a few minutes. On board the Josephine were J. Q. Wilson of the Cleveland Southwestern; C. N. Whitson, general manager of the Cleveland Southwestern; C. C. Collins, general superintendent Toledo Electric Railway and Light company; S. J. Stout, general manager of the Lake Shore Electric line of Cleveland; L. K. Burge, superintendent of Lake Shore Electric line; J. Jordan, general manager of the Cleveland, Painesville and Eastern; Eddie Schmoke, auditor of the C., P. & E. line; Harry Young, general passenger agent of the Lake Shore Electric; J. C. Kilgour, of Findlay, John Witt, private secretary to E. W. Moore, of the Everett & Moore syndicate.

The Josephine is going over a route that, on schedule time, will take thirteen hours, a distance of 100 miles exactly. The car left Toledo Wednesday morning at 7:30 o'clock, on limited time, and arrived in Indianapolis, their destination, by 6 o'clock Wednesday evening.

The party is going to Indianapolis to attend the annual convention of the Central Electric Railway Association to be held in that city Thursday evening.

The officers of the electric line here joined the party.

## NON-SUPPORT

IS THE CHARGE UPON WHICH A FORMER LIMA MAN WAS ARRESTED IN MIAMI COUNTY.

Humane Officer W. H. Genslinger drove out to the home of Wilbur Kiser's mother, about eight miles south east of Piqua yesterday and arrested the man on a charge of non-support of his young daughter, Ruth. The charge was sworn to by Joseph Buckle, the mother's father.

Kiser was arraigned before Justice Reed last evening and released on his promise to do better. If he fails to keep his promise the case will be called up again in two weeks. Kiser was formerly a resident of Lima and worked on the C. H. & D. as a brakeman but moved to Piqua with his family some time ago.—Piqua Call.

## SERVICE A HALF-HOUR EARLIER TONIGHT.

The revival service at Trinity M. E. church will begin at 7 this evening instead of 7:30. There was a large audience last evening, and a profound spiritual impression rested upon all present. The responses of teachers and mothers and fathers to the questions of the pastor were prompt and decided. All pledged themselves to more earnest work for Christ, and a fuller reliance upon His grace and wisdom. Several again indicated a desire to become christians. At this evening's service the theme of the sermon will be "A Separation With a Promise." Little Helen Conner will sing a song preceding the sermon.

attended to by Dr. Oliver Steiner.  
He will be laid up for several weeks.

**College Is  
Incorporated**

And Will Be Made one of the Biggest  
Educational Institutions in the  
State of Ohio.

CAPITAL STOCK IS FIXED AT \$10,000

Concern That Had Only Twenty-Three Students  
Two Years Ago Now Has Five Hundred  
And Is Still Growing.

The first meeting of the stockhold-  
ers of the Lima College Educational  
Company was held at the law of-  
fices of Reby and McLaughlin in the  
Holmes block.

The incorporators of the new com-  
pany, the capital stock of which is  
fixed at \$10,000, are Messrs. J. D.  
A. Neely, Charles East, J. B. Ad-  
kins, Warren J. McLaughlin and  
Prof. C. C. Miller.

The directors are the foregoing  
and Messrs. Henry Deisel and G. E.  
Bluem.

The capital stock will be half com-  
mon and half preferred, the latter  
being a six per cent stock. It is  
the intention to place this stock  
among teachers all over the state  
thus arousing an interest in the in-  
stitution and incidentally in Lima.

When Mr. J. B. Adkins took  
charge of Lima College two years  
ago the concern had only twenty-

three pupils. Undeterred by this  
fateful number Mr. Adkins set to  
work and has made it one of the  
most successful and prosperous edu-  
cational institutions of the state.

There are now three hundred regu-  
lar students, beside one hundred in  
the music department and a like  
number in the correspondence de-  
partment.

The concern has grown too large  
to be handled by one man and the  
stock company has been rendered  
a necessity.

The capital raised by the sale of  
stock will be applied to the erection  
of new buildings, which are a ne-  
cessity, the present edifice being  
crowded to the limit.

Another meeting of the stock-  
holders will be held at the office of  
McLaughlin & Reby Saturday eve-  
ning, when officers will be elected.

**YES**

You Can Mix it at  
Your Home

AND IT MAKES AN EXCELLENT  
PRESCRIPTION FOR THE  
KIDNEYS AND RHEUMATISM—  
IT IS INEXPENSIVE AND  
HARMLESS

And Relieves Nearly Every Person  
Who Tries It and Is Easily Pre-  
pared By Anyone.

A well-known authority states that  
there are more cases of kidney trou-  
ble here now than ever before, while  
recent reports show that more peo-  
ple succumb each year to some form  
of kidney disease than any other  
cause.

When there is sickness, examine  
the urine. Rheumatism is only a  
symptom of kidney trouble. It is  
nothing more or less than excessive  
uric acid in the blood, which the  
 sluggish, inactive kidneys have fail-  
ed to sift out, leaving it to decompose  
and settle about the joints and mus-  
cles, causing intense suffering; fre-  
quently resulting in deformity; of-  
ten reaching the heart when death  
ensues.

Pains across the back, frequent,  
painful and suppressed urination and  
other symptoms of weak bladder are  
not the only signs of kidney trouble;  
many cases of stomach disease, head-  
ache, pain in the heart, inactive liver,  
etc., are but symptoms; the cause of  
which can be traced to feeble, clog-  
ged kidneys.

The physicians for the insurance  
companies always carefully examine  
and report on the condition of the  
urine. It is a certain sign of sick-  
ness or health of the human body.

A test of the urine should be made  
by every man and woman at least  
once each year. A simple test is to  
void a small quantity of urine in a  
bottle or glass and let it stand over  
night; next morning, if there is a  
reddish brick-dust sediment, or white  
fleece substance present, either con-  
sult some reputable physician or take  
a good vegetable treatment. The  
following prescription is recommended  
highly in these cases, and if desir-  
able the sufferer can mix it at home.  
Any good prescription pharmacy has  
the ingredients; which are harmless  
and inexpensive: Compound Kargos,  
one ounce; Fluid Extract Dandelion,  
one half ounce; Compound Syrup  
Sarsaparilla, three ounces. Shake  
well and use in teaspoonful doses af-  
ter each meal, and at bedtime. Where  
any of the symptoms enumerated  
above are present, good results are  
sure to follow immediately the use  
of this simple prescription.

**Doctors Admit**

That They Can Do Nothing More For  
Your Stomach Than Stuart's  
Dyspepsia Tablets are  
Doing Every Day.

**CONTAINS NOTHING TO FEAR.**  
According to the expert analysis of  
government authorities in the  
United States and Great Britain, Stu-  
art's Dyspepsia Tablets contain the  
exact elements provided by nature  
for digesting food in the healthy  
stomach.

Stuart's Dyspepsia Tablets have  
saved sufferers from stomach dis-  
orders millions of dollars by giving  
them in one small 50 cent package,  
more relief than countless treatments  
by physicians would bring about at  
\$3.00 per visit.

Perhaps you are afflicted with dys-  
pepsia—or some kindred disease  
arising from a disordered digestion.  
It may be heartburn, heartburn,  
palpitation, liver trouble, indigestion,  
nervous debility. They all have  
their beginning in a stomach which  
does not secrete the juices or grind  
the food which takes into it.

If so we urge you to send for a  
free trial package of Stuart's Dys-  
pepsia Tablets. It will cost you  
nothing and surely will bring us no  
gain unless you find, after using it,  
that you are benefited and feel that  
you need a full-sized package.

There is absolutely no danger in  
using Stuart's Dyspepsia Tablets.  
Nothing is contained in them that  
has not been subjected to the closest  
scrutiny by the government officials.  
Stuart's Dyspepsia Tablets will  
digest your food without demanding  
a careful diet. One grain of these  
Tablets has power to digest 2,000  
grains of ordinary food. You can  
be sure therefore that no matter  
what your condition, these little  
tablets taken after each meal will  
shortly restore your stomach to its  
normal condition and render it ca-  
pable of doing its work properly.

We withhold the names of hun-  
dreds who have written us volunta-  
rily expressing their gratitude to  
this simple substitute for nature.  
Send for trial package to Dr. F. A.  
Stuart Co., 70 Stuart Bldg., Marshall,  
Mich.

50 cent size package for sale by  
druggists everywhere.
